#### CEDAR CITY.

CONDITIONS IN IRON COUNTY. Case of Smallpox - Death of Horace Gower - Schools Well Attended. Special Correspondence.

Cedar City, Iron County, Jan, 16.— A light fall of snow was halled with grafitude last week and indications are that the beautiful fell more exten-sively in the mountains. Thus far during the winter we have hardly had sufficient moisture to lay the dust upon

Notwithstanding the percaution taken by our health board we have one famdisease was introduced here by a citizen of Kanarra who had for some time been laboring in Mercur, on his return home he was feeling unwell and stayed here for the night with some friends residing in our city, on consulting the doctor next morning it was found he had the smallpox. It is now stated that there is another case in the family.

Last Saturday Samuel T. Leigh lost

a bright child of two years by pneu-monia. Services over the remains were held in the tabernacie on Sunday.
On January 14th our people were called together to pay their last respects to the earthly remains of Brother Horace Gower, a young man of 35 years. Brother Gower has been in poor health for a numer of years, being troubled with acute rheumatism and heart dscase. The deceased was held in high esteem by our citizens as was demonstrated in the large attendance at the funeral services as well as the long cortege that followed his remains to their last resting place. SCHOOLS IN FULL RUNNING ORDER.

District school opened on the 14th with almost a full attendance, no special conditions being required for the admittance of pupils, our health board and school trustees seem to work in harmony thus far, and no conflict has arisen between them. Our school buildings received a thorough disinfection as well as cleaning during the boilday vacations and we are in hopes holiday vacations and we are in hopes that by due caution our public achool

that by due caution our public school will not be intercered with.

Last evening a well attended meeting of the citizens and taxpayers met in the ward hall for the purpose of considering the advisability of putting in a water system. After considerable talk it was decided not to try to put the same in at present as the cost was something over \$30,000, this being considered too much of a luxury.

The equitable distribution of the various water rights is receiving sansiderable attention just at present, and every effort is being made to settle up the matter as much as possible before

Last evening and all of yesterday forms an epoch in the educational advancement of Santaquin. Trustees, teachers pupils and patronswere engaged a goodly part of the day in making preparations for the evenng. Prof. Olsen and choir of 54 voices had also been tuning to add melody and eloquence. At the Relief Society hall were a number of young ladies and gentlemen of the century class preparing a banquet fit. century class preparing a banquet fit for a kng. At 7:30 p. m. the new Lat-ter-day Sants' meeting house was filled and a preliminary program was ren-dered. After which Prof. George H. Brimhall of the B. Y. Academy of Provo delivered a masterly address. His theme was the elevation of the masses into the reaims of pure morality and into the realms of pure morality and stong, alert intellectuality through the systematic training of the home, the school and society. He laid very heavy stress on the importance of heart culture, and showed the evil effects of a one-sided development. After the meeting a grand banquet was given in honor of Prof. Brimbhall by members of the advanced grades and citizens.

The Comstock Mining company is putting in machinery. And the Quincy has begun shipping ore.

#### PLEASANT GROVE BLACK HAWK REUNION.

Schools Are Flourishing-Demise of Mrs. Mary Richards.

Special Correspondence. Pleasant Grove, Utah Co., Jan. 18.of Utah county will hold their annual

picnic and dancing party at American Fork commencing this afternoon at 2 o'clock. A grand time is anticipated. The schools here are moving along nicely. No smallpox, no vaccination re-

nicely. No smallpox, no vaccination required. Trustees, pupils and parents agree. So far we are happy.

Sister Mary Twells Richards, wife of the late Frederick Richards, died here yesterday at her home. The deceased was born in Nottingham, England, February 25, 1833. She came to Utah about thirty-five years ago, bringing her children and preceding her ing her children and preceding her husband, who came a year later. Of her ten children, two survive her—pos-sibly three, though one, William, has not been heard from for fourteen years. He was then starting on a voyage for France as a sailor. Besides these, there

have been twenty-one grand children and nine great-grand children.

Sister Richards was a mother in all the word implies, patient, quiet, kind and faithful. For years she has plodded almost daily for blocks through all the word implies and the state of kinds of weather to help and comfort her friend, sister Greenhalgh, in her loneliness. The work and worry and excitement that came with the passing away of Sister Greenhalgh two weeks ago, was too much for Mrs. Richards. It brought on a paralytic stroke that ended today with her life. On Saturday, at 2 p. m. the funeral is to be held.

DIVISION OF STAKE DISCUSSED. Much interest has been aroused in this county of late on account of a re-port that Cache Stake would probably be divided in the near future. It is understood that a committee of the Twelve are investigating the matter and that the result of their investigations will be made public at the forthcoming conference, which convenes in this city on Sunday and Monday, January 27th and 28th. The good results following the division of other Stakes would doubtless attend such action in this Stake, and prove beneficial to all

the inhabitants thereof. AGRICULTURAL COLLEGE.

The students in the engineering courses have effected an organization for semi-social, semi-professional purposes. Professor Jense n addressed the club Saturday on some matters connected with the engineers' work.

A good many students are still stay ing away, lest vaccination may be en-ferced when they return. Some of the young women are going lame about the building on acount of vaccination; others go "shy" of any object at the left.

About forty new students have been enrolled since the holidays, nearly even-ly divided between the winter courses and the manual training courses.

The kind of literature drawn from the library varies from week. To week. For the last week history and biography have been in greatest demand.

The young women's literary society has arranged programs for the time from the works of Ruskin and Brown-ing. Ruskin's lectures on art, being supplemented by Browning's poems bearing on like subjects.

The art department has just received a fine supply of casts and other apparatus for students in drawing.
